

PANTHER SENTINEL

Volume XX

Salinas, California, Friday, December 1, 1950

Number 10

AS WE SEE IT

By GEORGE JACKSON

Members of the exchange assembly which traveled to Monterey Peninsula College last week were received by a very fine and attentive audience. The students at the peninsula college treated their visitors in the best way possible.

The reception given the Hartnell students was very indicative of relations between Hartnell and M.P.C. this year. Aside from the two early paintings of the Panther by Monterey followers, there was very little harmful activity by students of either college prior to the annual grid battle.

One conclusion which may be drawn from the Thanksgiving Day game was the very fine support and backing given the Lobos by the students and the citizens of Monterey. This support is typical of all Monterey teams, whether they have a good or poor season. It's certainly not typical of Salinas fans, who support only a winner and completely ignore the team which finds its schedule tough sledding.

AWARD ASSEMBLY

One idea which might be given considerable attention is the scheduling of an award assembly to honor athletes who have earned awards during the fall season. In the past there was very little attention given to this matter, and awards were given in no special way.

That the athletes worked hard for the awards cannot be doubted, and this is all the more reason for preparing suitable recognition for the athletes receiving awards in athletics.

HAWAIIAN CLUB DANCE

According to reports issued by the college administration, the Hawaiian Club dance, which was held even though the Hartnell - College of Sequoias game was rained out, was very successful in its attempt to control conduct and drinking at its dance.

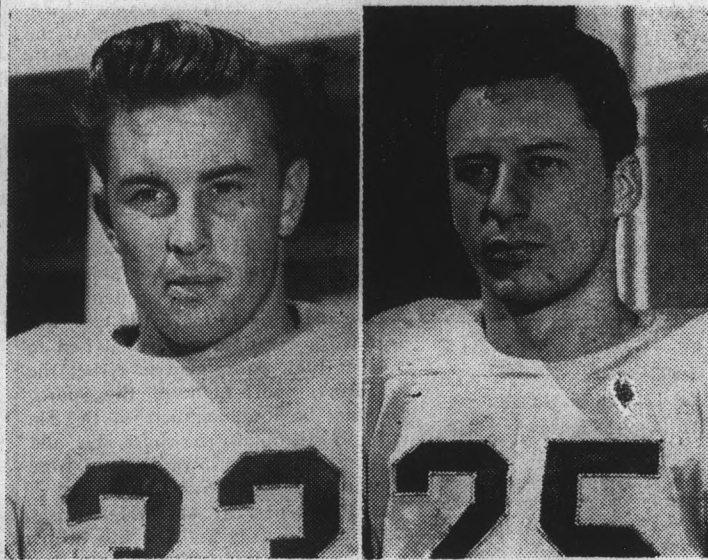

The Hawaiian Club put on their dance under the most trying conditions ever faced by an organization scheduling a dance. The biggest obstacle they faced was the control of drinking after all other clubs had failed during the football season. They scheduled the dance with the stipulation that if the dance was not controlled there might be no more dances at the college.

Added to this problem was the heavy rain and cancellation of the game with College of the Sequoias. This factor hurt attendance and the receipts at the dance.

However, even with these problems, the club pitched in and worked to make the dance a success.

Air Force Team To Be Here On December 14, 15

Members of a United States Air Force officer team will be at Hartnell College on December 14 and 15 to interview college men interested in becoming officers in the U.S.A.F. They will have headquarters in Miss June Handley's office from 9 a.m. to 5 p.m. on both days.

They will also show a motion picture, "Flight Plan for the Future," at 12:30 in Room 25 on December 14. This film was produced by the March of Time and is 20 minutes in length. It deals with the training and duties of air force pilots and will show many scenes of the latest type aircraft. The picture is open to all persons who are interested.

Basic eligibility requirements for the program are that the applicant must be between the ages of 20 and 26½, single, a citizen, and have completed 60 units of college work. The team will have authorization to accept applicants who will have completed their requirements by February, 1951.

PANTHERS AT CAL TONIGHT; PLAY ALUMNI TOMORROW

Hartnell's cagers travel to the University of California at Berkeley tonight to meet the California Frosh team. Always a good team, the Cal team may be remembered by the outstanding team which visited here last year. Local fans will have an opportunity to see the two teams meet on the home court later in the season—February 9.

Saturday night the Panthers will be home again in their last home game before the Small Colleges Tournament of December 18, 19, and 20. The Saturday game will feature the Hartnell varsity versus the Hartnell Alumni team.

Playing for the alumni will be such former greats of Hartnell as Bill Whisler, Jerry Hoagland, and Les Hiserman. Coach Ed Adams has announced that his starting five has not been selected, but he will use all of his men throughout the encounter.

Game time will be 8 p.m. Preliminary game at 6:30 p.m. will pit the Salinas Junior Chamber of Commerce team and the Merrill's packing shed team.

Hartnell Has High Average at Cal

According to a report issued by the University of California recently, Hartnell College students who have transferred to U.C. campuses have maintained a very high scholastic average in their subjects. The grade point average for all subjects was 1.33 for Hartnell transfers.

In lower division subjects students from Hartnell were able to maintain a 1.41 grade point average; and in upper division sub-

jects an average of 1.33 was established. These figures are based on the records of students who transferred to there the fall semester of 1949.

Statistics revealed that all junior college transfers had a 1.25 grade point average in all subjects taken at U.C. A breakdown reveals these students had a 1.28 average for lower division subjects and 1.22 average for upper division.

Winter Ball Site, Date Are Announced

Annual Winter Ball will be held Friday night, December 15, at the Hunter Room of the Riverside Hotel in Santa Cruz, Commissioner of Social Activities Marge Mathers announced yesterday. The dance will be held from 9 p.m. till 1 a.m.

Although the exact price of bids has not been established, Miss Mathers stated they would not exceed \$7. Bids will go on sale in the near future in the main hall.

In selecting this year's site and date many problems were encountered by Miss Mathers. The Christmas play and the Small Colleges Basketball Tournament both conflicted with possible dates for the highlight of the fall semester social events. Principal problem concerning the site was the high prices

(Continued on Page 2)

Basketball Tickets On Sale Now

Tournament tickets are now on sale for the Hartnell Small Colleges Basketball Tournament. Tickets may be purchased in the main office of the college. Prices for the tickets, which include five full sessions of basketball, are \$2 and \$1, tax included, for adults and students, respectively.

Christmas Play Moves Into Third Rehearsal Week

"The Redemption Play," which is the second production of the year for the Hartnell Players, will be produced in the Hartnell College Little Theater on December 14, 15, 16.

This play is unique in its approach to the traditional Christmas story, as it gives a new slant into the birth and early life of Christ.

Each scene, action, and dialogue is based on Biblical research and authority, with the exception of the Visit of the Magi, which, for dramatic purposes, occurs in the play on the night of the Birth.

The Hartnell Players are presenting only the first act of "The Redemption Play," as this act pertains to the Christmas theme. The rest of the play is usually given at Easter, as it represents the last days in the life of Christ.

Two tableaux are included in the play. These are: The Promise of the Prophet Isaiah of the coming Messiah, and The Nativity. While these shows are shown, passages from Biblical text are read.

The action in the play itself centers around the night of Christ's birth, the cave where the Child was born, and the family cottage in Nazareth.

A musical background for the play will be furnished by the choir and glee clubs under the direction of Mr. Vahe Aslanian.

Casting for the production is as follows: Tom Rogers, Virgilius; Stan Lovett, Pontius Pilate; Char-

(Continued on Page 3)

International Club Hears Member Speak About Philippines

Rustica Formanes was the first in a series of speakers appearing before the International Club to speak of her home country to help other members of the group to understand other nations of the world.

Miss Formanes was born and reared in Cavite, Philippine Islands, and in her discussion she told of her early life there. She told of the people, religion, customs, transportation, and education of the people living there.

Pres. Lutz Graf zu Muenster said the club would accept American students who wish to join the club and take part in its activities. A plan has been set up whereby the number of American students who could join the club would be limited to one half the number of foreign students in the group. Under this plan, one third of the members could be American students.

Although all plans are in the tentative stage, the club is planning a dinner featuring food of one of the countries represented in the club. All members would take part in the affair, and all students in the college would be invited to attend.

Winner Named

Phyllis Butters was the lucky one who won the \$5 cash prize for La Reata. La Reata editor Andy Ausonio announced the number at the assembly on November 17.

The number which was picked by Mr. Lemos was 91.

Final Examination Schedule

THURSDAY, JANUARY 11, 1951

Westminister Will Hear Missionary

At their regular meeting Wednesday, December 13 the members of the Westminister club will hear the pastor of the United Presbyterian Church in Morgan Hill and former missionary to the American Indians in the Southwest, the Rev. Clem Isett, who is said to have many interesting and humorous tales to relate.

Following the speaker, serving of refreshments that include Danish Pebbenoder and "Snow Pudding," and group singing of Christmas carols, a reading by Tom Rogers will conclude the program under the direction of the Presbyterian members.

ATTENTION SOPHS

Hurl Swartz, who took sophomore pictures for the La Reata, will be in room 9 from 12 to 1 today to receive any proofs which were not returned to him. At this time he will take orders for any

Instructor Will Address Ski Club Meeting Today

Mr. W. F. Hartfelder, ski instructor, will speak to the members of the Ski club at their meeting today at noon. An instructor at Sun Valley before the war, Hartfelder has had an interesting career and will show movies at the meeting.

Final deadline for sign-ups, and payments for the trip is set for today, December 1. It is important for anyone planning to participate in the excursion to attend the meeting so that they may be fully informed as to the attractions and cost of the trip. President Tom Mill already anticipates having 60 or more ski enthusiasts make the trip to the Northern California Ski Lodge on Donner Summit December 27, 28, and 29.

The cost of lodging, transportation, and meals at the Ski lodge will be \$14; and any students who are planning to make the trip, but have no equipment, are advised to rent their equipment at either the Salinas Sport Shop or the Sportsman, because members of the Ski club can obtain the shoes, skis, and ski poles for \$3.75 (a discount from the regular \$4.05).

President Mill said that dancing, and ice-skating are activities which will also be available to those interested; and, for the latter, those who possess ice-skates.

Cake Sale Set By Newman Club

A cake sale will be put on by the Newman club members on Wednesday, December 6, in the home economics room. It will start at 11 a.m. and will wind up at 1 p.m.

The cakes will be home made and will be baked by the club members. Free coffee will be given away with every piece of cake that is bought. The purchasing price for the cake is ten cents.

Paper plates and cups will be available for those who wish to take the cake and coffee out.

Dee Fosselman, who is the chairman of the cake sale, wants everyone to plan to be there early because "coffee grounds and cake crumbs aren't the choice dessert."

Others on the committee are Wilma Brusa, Betty Cunningham, and Lucy Papac.

persons who wish to buy pictures.

Persons who have not placed orders may place them at this time, but they are urged to have the one-half deposit for the pictures when they see Mr. Swartz.

Member of Flying Club Flies Solo

Joining the numbers of Flying club members who have soloed was Swiss student Guido Gysler who did his stint on November 19. He would have soloed before except for the fact that not being an American citizen, he had to wait for his papers to come through. His instructor was Charles King.

Advisor to the group, Mr. Richard Carlisle, announced that approximately one-third of the members have private licenses; and another one-third have soloed, a few of whom have almost qualified for their licenses.

Mr. Carlisle stressed the point that the club has a two-passenger Stinson in which interested persons may be taken up for as much as two hours at a time and that the club also has access to a four-passenger plane in the event that they are swamped with club prospects who want a demonstration before deciding whether or not to join.

If persons want a demonstration of the advantages of the club, they are advised to see either Mr. Carlisle or Mr. Darwin Peavy.

Canterbury Honors Rector at Luncheon

A luncheon was held on November 22 at the St. Paul's Episcopal Church in Salinas in honor of the Rev. Gordon Reese who has accepted the position of pastor at Christ Church in Los Altos.

The Canterbury club presented him with a book and linen handkerchiefs.

Plans were made at this meeting for the club members to hear Canon Greene of England who is preaching at the Grace Cathedral.

Several members attended the meeting on November 26. During the business meeting president Jerry Skillicorn announced plans for December meeting which will include a talk by the Rev. Geddes of Watsonville.

The club wished to express its thanks to St. Anne's Circle who served the luncheon for Rev. Reese.

Delta Psi Omega Sees Production

On Saturday, November 18, the Hartnell College Cast of Delta Psi Omega had its first social event of the year. Members and their guests journeyed to Monterey for dinner and to see the Wharf Players production of "Death on Sunday."

WINTER BALL . . .

(Continued From Page 1)
most local establishments wished to charge.

Committees for the Ball have not been set up, but Miss Mathers said they will be announced in the near future.

Art Club Smock Bears Long Line Of Tradition

By GLORIA ROSEN

Did you see that smock! Many of you who have seen Marlene Waters in a denim smock with names down the front and back may have wondered about its history.

The smock, an emblem of the office of the president of the art club, has been sported proudly for the last twelve years by each officer.

The smock, started by Winifred Leonard in 1938, now bears many famous names on it including Eldon Dedini who now works for Esquire magazine and Charles Link who now is an art instructor at Salinas union high school.

From the appearance of the smock it has received some artistic design. The back and one side of the front of the jacket is completely covered with names. Marlene Waters, 1950 president, has started the last half of the front. When that is full they probably will have to add an extension to the smock.

In years to come the jacket will be a priceless possession as other names on the jacket become famous. Soon the smock will be known as a good luck smock.

Movie of Science Scheduled Here

The little theatre will be the scene of a science show sponsored by General Motors Corporation. The show, entitled Review of Progress, will be brought here by the engineering department February 13.

Mr. Bullis of the Hartnell engineering department says that the hour-long show will consist of various wonders of science perfected in the General Motor research laboratories.

The show will be shown twice during its stay here. The first showing will be at 10 o'clock and the second at 12 noon. It will be free to all ASB card holders.

The show will be put on through the combine efforts of Del Carlson and James Reiss.

Assembly Today Features Fitch

A good program is scheduled for the assembly today. Bobby Fitch, a tap dancer from Watsonville will perform for the Hartnell students. The Hawaiians will sing for this assembly, and a skit also will be put on.

The students who are participating in this skit are as follows: George Jackson, Bob Burton, Ken Yoder, Paul Parsons, Darlene Phelan, Howard Tyler, Dick Tribisam, Marge Rains, and Dorothy Smith.

An award assembly will be held before Christmas vacation, and U.G. C. and the Choir are also scheduled to have an assembly.

AS WE SEE IT . . .

(Continued From Page 1)

cess. There was no evidence of drinking, so through the efforts of this small group, there will be the opportunity for other clubs to schedule dances and present them if they control the affairs properly.

CAMPUSOLOGY

By PAUL PARSONS

They knew he was comin' so they baked a cake. That is Mr. Eris' 10 o'clock French class baked him a birthday cake. After singing "Happy Birthday to You," or possibly "Heureux Jour de Naissance à Vous," the above mentioned cake was served; and Cokes were drunk. (Shame on you, Cokes; that's against school rules.)

Above the clatter of the test tubes in the chem lab someone has been heard mumbling, "Seven to seven, we'll fix 'em next year."

I understand that Mr. Lemos is going to serve some time at the Soledad prison. It seems that he is being given a few hours for an astronomy lecture. That's not much time for so serious an offense.

Although there haven't been any ransom notes or phone calls there has been a kidnapping. Peggy Mancely, who usually resides in Salinas, spent Wednesday night with Margery Rains in Santa Cruz. A gang of roughnecks from Bus 10-A abducted Peg just as the bus was about to leave for Santa Cruz.

Despite loud complaints from the young lady, Driver Frank Armbruster closed the door of the bus and left for Santa Cruz.

Much to Peggy's surprise, on her arrival in Santa Cruz she found her completely equipped overnight bag in the rear of the bus and that her mother had been "tipped off" two days before.

Thursday morning she happily climbed on Bus 10-A for the trip home. Today Peg is safely in the hands of her "mommy."

Do you find that your old worn-out jokes aren't getting laughs? If so, just tell them to Kathleen Scoles. I've found that she'll laugh at anything.

Question: Was Deon Dyer trying to hit the ceiling or trying to place a phone call when she was on top of the phone booth near the caf the other day.

Answer: Ask Andy Ausonio. He put her up there.

At the football game Thanksgiving Day another Tabby put in an appearance. Now, instead of trying to guess the identity of one Tabby, we have two. If anyone has taken up trying to guess who the Panthers are and what the "thing" is I suggest they drop a few classes to give themselves more time for the task.

Coach Jess Regli Versatile Man

By Elmer Anderson

We have here at Hartnell one of the best all around stars that ever attended San Jose State College. He is none other than Jess Regli.

The total number of letters that Coach Regli received in high school and college is 28; 15 of them he received in high school and the balance at San Jose State.

He played on the football team at SJS for four years. He played either tackle or fullback. Many times did the San Joseans see his name in the headlines on the sport page. Regli could run, pass, and kick.

Coach Regli was also very efficient at basketball. In one game the score was 16 to 13 in favor of

the opposing team. There were only 50 seconds left in the game. The Firemen, which was the opposing team, threw the ball out of bounds. A long pass was thrown to Regli in the center of the court.

He turned and shot the ball and it was good for two points. Just before the very last of the game he sank a free throw which won the game for San Jose.

In track he threw the javelin and the discus. The distance that the discus traveled after it left his hand was 129 feet 6 inches. He ran the 100 yard dash in 10 seconds flat.

When he was a senior in high school he had a chance to play pro baseball with Seattle but he

refused. In 1926 he was approached by the Seals to play ball with them.

He played catcher for his high school and college baseball teams.

Coach Regli is married and has a daughter who is a senior in Salinas union high school.

Cover Has Scene From Play Here

Featured on the cover of "The Playbill," a yearbook of college drama, was a scene from "The Enchanted Cottage," a production presented by the Hartnell Players last spring in the Little Theatre.

"The Playbill" is the annual publication of Delta Psi Omega, a national dramatics organization, and is published in Fairmont, West Virginia.

Presented in the scene were three members of the cast, Marguerite Sander, Don LoPresti, and Helen Wolber. Of the three, only Miss Wolber is still attending Hartnell, and she played the lead in the recent production, "The Heiress."

Panthers Split Their Opening Cage Weekend

Hartnell's cagers opened their 1950-51 season by splitting a double header last weekend. The team defeated the Santa Cruz Hotel Friday night, but was edged in a thriller with the College of the Sequoias Giants, 66-65 in Saturday evening's fray.

In their first real game of the season the Panthers defeated the Santa Cruz team 65-56. The college team showed good promise in the season opener, but they still have a long way to go before reaching maturity for the later play.

Starting the opening contest for Coach Ed Adams were Bob Steinbach and Dick de Lormier at forwards, Bill Menees and Max Kelly at the guard posts, and Fred Willson at center. Relieving this group were Art Brickwedel and Bob Stillwell, forwards; Dick Dahl and Doug Garrett, guards; and Glen Albaugh, center.

Santa Cruz Hotel team was manned by a six man squad. Playing for the out of town aggregation was college student Fred Maroni.

Leading the scoring for the Hartnell team were Fred Willson and Dick de Lormier with 11 points apiece. Menees, Kelly, and Steinbach each had 6 points. The game

brought out many weak points to be developed by Coach Adams and the team, but the game showed great possibilities for the local group.

Saturday the Panthers were edged by the Visalia team by the same one point margin that defeated them last year against the same team. Early in the season last year the Panthers were bumped by the Giants 56-55. This year each team had an extra 10 points, but the margin remained the same.

Only change in the Saturday line up saw Dick Dahl starting in place of Max Kelly at the guard spot. Adams has pointed out, however, that it is impossible to select a regular starting team this early in the season, and that at the present time all players stand an equal opportunity to make the first five.

Action began fast Saturday night as the two teams squared off at the center spot. Hartnell's tall squad held a slight advantage on the average height, but the Giants were slight favorites in the speed department.

Fouls were numerous in the encounter and before the final minute had ended six men had left the floor by the foul path. Visalia

lost her 6'6" center and two other first string men, but Hartnell also suffered the loss of Bill Menees, Dick Dahl, and Bob Steinbach.

The game score was often tied up throughout the contest as the two teams exchanged the lead. The Panthers held a substantial lead in the latter part of the game only to have it snatched away by the sharp shooting giants.

Outstanding man of the game was the College of the Sequoias 5-foot 10-inch guard, Monte Gonzales. Monte garnered a total of 29 points to take high scoring honors for the game. It was Gonzales again who made a one man dribbling exhibition to stall the game in the waning minutes.

Leading Hartnell for the evening, and closely following Gonzales in the scoring column was Fred Willson. Fred displayed the skill which made him an all-league selection in last year's voting. He topped the Hartnell scorers with 27 while de Lormier followed with 15.

JV's Lose Twice In Bad Weekend

Hartnell's Junior Varsity club had a lot of trouble over the last weekend, running into two teams that were too much for them. They fell Friday night to a strong Santa Cruz Sportshop team 48-40, and then ran into trouble again with the San Francisco Chinese team 40-28.

Starting for the JV's were Bob Ballard, Roy Pellascio, Keith McIntosh, Paul Stewart, and Tom Welch. The team displayed a lot of talent, but it needs time to round into top form.

The Chinese team was seen here

Lobos Beat Hartnell In Thanksgiving Game

Hartnell wound up its football season against Monterey Lobos Thanksgiving Day with a crowd numbering more than 8,000 witnessing the season finale as the Lobos topped the Panthers, 12-0. The game was one of the greatest to be seen by the local fans since the wonder team of 1948.

Under the leadership of Coach Ab Wilson the team rose to its peak, and held the powerful Monterey team to two touchdowns. The Panther defense was outstanding throughout the contest, but the offense seemed unable to gather it difficult to move large opponents.

Many changes were made in the team's line up previous to the encounter due to injuries and returning players. Back in action for this game was Bill Maguire at tackle. A comparatively new man to see backfield duty was Ed Mills. All members of the Hartnell squad played well but the offensive line was badly outweighed and found it difficult to move large opponents.

First score of the game came as the result of a bad break for the Panthers. Monterey was forced to punt in the second period and the ball, taking a bad bounce, struck a Hartnell player in Hartnell territory and Monterey recovered. The Lobos seized the opportunity and drove on down for a score. Ev Skrine hurdled the line to block the conversion attempt.

Monterey scored again in the fourth period with a pass into the end zone. Skrine again crashed through the line to block the try for extra point.

To be commended for their offensive play are Ed Mills, Bob Swan, Bob Burton, John Piini, and Tom Grant. Playing fine defensive ball were Ev Skrine, Jess Holt, R. A. Taylor, John Dobbel, Ernie Wilson, Doug Severin, and Manny Quintero. The entire defensive squad should be praised for their work.

Football has drawn to a close and the 1950 Hartnell team has done a good job. Coach Ab Wilson and his two assistants, Bill Whited and Henry Franci, deserve a lot of credit.

Selected as the outstanding play-

last year by the local fans when they played the Hartnell team. The fans may remember them for their speed and fine shooting ability.

Coach Adams hopes to have regularly scheduled games for his JV team, and to build up the importance of this type of games with the other colleges.

ers of the game to receive two free dinners this week were Ken Ginn, offensive linemen; John Dobbel, defensive lineman; Ed Mills, offensive back; and Doug Severin, defensive back.

Jackson Compiles Final Statistics

Football statistics have been compiled for the season by Hartnell statistician George Jackson. Leading ground gainer for the Panthers was Frank Ryder with 335 yards for an average of 6.5 yards per carry. Jim Miyasoto, Frank Paz, Ed Mills, and Bob Omogrosso had 4.9, 4.8, 4.6, and 4.3 averages respectively.

The most carries were by Ev Skrine and he maintained a respectable 3.2 average. The team records show 1548 yards gained and 282 lost in eight games and 361 carries for a 3.2 team average.

Out of 140 attempted passes the Panthers completed 35 and had 11 intercepted. Total yardage gained in the air for the 1950 season was 621 yards.

Swan led the punting averages with a 35.6. Gerard and Omogrosso averaged 32.1 and 24 yards. Team average for punting was 33.7 yards.

Burton, Skrine Elected Captains

Selected to lead the Panthers in their last football game of the season and to represent the team as season captains were Bob Burton and Ev Skrine. The team voted upon the captains before the game and the new captains led the team into the stadium for the Thanksgiving Day game.

Burton has played the past two years for the Panthers and was selected last year as an all-conference center. Bob has been a reliable and steady player for the Panthers, and deserves the title given to him by the team.

Ev Skrine came back to the Panthers this year after playing with the 1948 team. Ev has played outstanding football for the Hartnell club both offensively and defensively. His outstanding play has been an important factor to the Panther team.

Plot Your Course ...to the Top!

Start your climb to the top with a year of Navigation training in the U. S. Air Force . . . training that pays off when you proudly pin on those Navigator's wings, with that starting salary close to \$5,000 . . . if you can qualify.

Choose Your Point of Departure . . . Climb on Course

In navigator's language, that means "plan ahead." Your point of departure is the Aviation Cadet Selection Team soon to visit your campus. See that team . . . and plan now to climb on course.
